AI Crusade Code of Conduct

1. **Respectful Behavior:** Treat all participants, organizers, mentors, and sponsors with respect and consideration. Harassment, discrimination, or disrespectful behavior, including language and actions, will not be tolerated.

2. **Eligibility Criteria:** Student's between the age of 18 - 25 are allowed to participate in the hackathon.

3. **Inclusive Environment:** Foster an inclusive atmosphere where everyone feels welcome, regardless of their background, gender, ethnicity, religion, or experience level. Encourage collaboration and value diverse perspectives.

4. **Collaboration:** Embrace teamwork and collaboration. Help others learn and grow. Share your knowledge and experiences openly.

5. **Ethical AI:** Promote the development of ethical and responsible AI solutions. Avoid any use of AI that may cause harm, violate privacy, or discriminate against individuals or groups.

6. **Intellectual Property:** Respect the intellectual property rights of others. Use open-source tools and libraries responsibly. Ensure that your code and solutions are your work or properly attributed.

7. **Innovative Solutions:** Encourage creativity and innovative thinking. Focus on developing solutions that address real-world problems using AI technology.

8. **Safety and Security:** Ensure that your solutions prioritize the safety and security of users and systems. Avoid actions that could compromise the integrity of data or systems.

9. **Disruption and Harassment:** Do not disrupt the event or engage in any unnecessary activities.

10. **Adherence to Rules:** Follow the rules and guidelines provided by the organizers. Any violation may result in disqualification from the event.

11. **Reporting Concerns:** If you witness or experience any violations of the Code of Conduct, promptly report it to the event organizers.

12. **Consumption of substances:** Smoking, drinking alcoholic beverages, and consumption of any other drugs is strictly prohibited inside hackathon premises.

13. **Property Damage:** Damaging physical properties, vandalism, and any such activity is strictly prohibited inside hackathon premises.

By participating in the AI Hackathon, you agree to abide by this Code of Conduct. The organizers reserve the right to take appropriate actions in response to any violations.

Remember, the AI Hackathon is an opportunity to learn, create, and collaborate. Let's work together to make it a successful and respectful event for all participants.

Project Development:

1. Participants must stick to the event's designated start time and date, as commencing work beforehand can result in disqualification. It's wise to plan and structure ideas beforehand. Drafts of designs and documentation are acceptable.

2. Projects must align with the theme.

3. You're free to use software tools, pre-trained models, data, IDEs, and programming languages under the Creative Commons License or openly accessible licenses.

4. Software promoting racism, sexual orientation, nudity, or code of conduct violations is prohibited for teams.

Project Submission:

1. Only Registered Participants are allowed to submit the project.

2. The Project should be submitted within the given deadline for submission.

3. The project's content should not be plagiarized and must be the team's original work.

4. An experienced panel will carefully review the work, and suitable grades will be given.

5. Teams may ask the experts for criticism, but the panel's decision is final.
